For Immediate Release

#### Codexis Reports First Quarter 2012 Results

REDWOOD CITY, Calif. - May 10, 2012 - Codexis, Inc. (NASDAQ: CDXS), a developer of cost-advantaged processes for the production of biofuels, bio-based chemicals, and pharmaceutical intermediates, today announced financial results for the first quarter ended March 31, 2012.

"In the first quarter of 2012, we saw increased sales in our pharmaceutical business and made continued progress with our development projects and partnerships in bio-based fuels and chemicals," said Peter Strumph, interim CEO of Codexis. "We remain focused on growing our pharmaceutical portfolio while continuing to advance CodeXyme<sup>TM</sup> cellulase enzymes and CodeXoI<sup>TM</sup> detergent alcohols toward commercialization."

#### First Quarter Financial Highlights:

Revenue: For the first quarter of 2012, the company reported revenues of \$31.1 million, in-line with \$31.0 million from the first quarter of 2011. Product revenue in the first quarter of 2012 was \$15.2 million, a 17% increase over \$12.9 million in the prior year quarter, primarily driven by increased sales of atorvastatin-related intermediates. Collaborative research and development revenue of \$14.6 million decreased 16% from \$17.5 million in the first quarter of 2011.

Operating Expenses: Research and development expenses in the first quarter of 2012 were \$16.3 million, an increase of 19% from \$13.8 million for the first quarter of 2011. The increase was primarily due to continued development of CodeXoI<sup>TM</sup> detergent alcohol. Selling, general and administrative expenses in the first quarter of 2012 were \$9.4 million, an increase of 4% compared to \$9.0 million in the same period of 2011.

Net Loss: Net loss was (\$7.5) million, or (\$0.21) per share, based on 36.1 million weighted average common shares outstanding in the first quarter of 2012. This compares to a net loss of (\$3.5) million or (\$0.10) per share during the first quarter of 2011.

Adjusted EBITDA: On a non-GAAP basis, Adjusted EBITDA was (\$3.1) million in the first quarter of 2012 compared to \$1.8 million for the first quarter of 2011. Adjusted EBITDA is calculated by adjusting net loss for net interest expense, income taxes, depreciation, amortization and stock-based compensation. A reconciliation of net loss to Adjusted EBITDA is presented below.

Cash: Cash, cash equivalents and marketable securities at March 31, 2012 were \$62.2 million, a 3% decrease compared to \$63.8 million at December 31, 2011. The company generated \$0.6 million in cash from operations in the first quarter of 2012.

#### Outlook

Codexis' statements with regard to its outlook are based on current expectations. The following statements are forward looking, and actual results could differ materially depending on market conditions and the factors set forth under "Forward-Looking Statements" below.

For the full year 2012, Codexis forecasts revenues in line with or exceeding 2011 results. Codexis expects 2012 Adjusted EBITDA will be positive and expects total cash burn to be in line with 2011 levels.

#### **Conference Call**

Codexis will hold a conference call on Thursday, May 10, 2012 at 1:30 p.m. PT (4:30 p.m. ET). The conference call dial-in numbers are US: 866-788-0541 or International: 857-350-1679, access code 54501345. A live webcast of the call will also be available from the Investors section of <u>www.codexis.com</u>. A recording of the call will be available by calling US: 888-286-8010 or International: 617-801-6888, access code 93747367 beginning approximately two hours after the call, and will be available for up to seven days. A webcast replay will also be available from the Investors section of <u>www.codexis.com</u> approximately two hours after the call and will be available for up to 30 days.

#### About Codexis, Inc.

Codexis, Inc. is a developer of cost-advantaged processes for the production of biofuels, bio-based chemicals, and pharmaceutical intermediates. Codexis' product lines include CodeXyme<sup>TM</sup> Cellulase Enzymes and CodeXol<sup>TM</sup> Detergent Alcohol. Partners and customers include global leaders such as Shell, Merck and Pfizer. For more information, see www.codexis.com.

#### Forward-Looking Statements

This press release contains forward-looking statements relating to Codexis' forecast for 2012 revenue, Adjusted EBITDA and total cash burn, and Codexis' ability to deliver sales growth in its pharmaceutical products and services in 2012. You should not place undue reliance on these forward-looking statements because they involve known and unknown risks, uncertainties and other factors that are, in some cases, beyond our control and that could materially affect actual results. Factors that could

materially affect actual results include the risks that our operating results may fluctuate in the future and that we are dependent on a limited number of products and customers in our pharmaceutical business. Additional factors that could materially affect actual results can be found in Codexis' Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 5, 2012, including under the caption "Risk Factors." Codexis expressly disclaims any intent or obligation to update these forward-looking statements, except as required by law.

#### **Reconciliation of GAAP to Non-GAAP Financial Information**

In this press release, in addition to GAAP financial results, we present Adjusted EBITDA because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we use Adjusted EBITDA to evaluate the effectiveness of our business strategies.

A reconciliation of GAAP net loss to Adjusted EBITDA is included in the table below.

#### Codexis, Inc. Reconciliation of GAAP Net Loss to Adjusted EBITDA (Unaudited) (In Thousands)

		Three Months Ending March 31,	
	2012	2011	
Calculation of Adjusted EBITDA			
Net loss	\$(7,490)	\$(3,471)	
Adjustments:			
Minus: Interest income	(75)	(49)	
Plus: Income taxes	197	158	
Plus: Depreciation and amortization	3,119	2,836	
Plus: Stock-based compensation	1,169	2,286	
Adjusted EBITDA	\$ <u>(3,080</u> )	\$ 1,760	

Adjusted EBITDA has limitations as an analytical tool. Some of these limitations are:

· Adjusted EBITDA does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements; and
- Non-cash compensation is and will remain a key element of our overall long-term incentive compensation package, although we exclude it as an expense when evaluating our ongoing operating performance for a particular period.

Because of these limitations, Adjusted EBITDA should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA only supplementally.
